**JOURNAL**

**OFFICE OF LEGISLATIVE COUNSEL**

**Wednesday - 21 June 1961**

1. (Internal Use Only - GLC) I called Mr. Bowers, in the Bureau of the Budget, concerning our proposed report on [redacted] [redacted] indicated that [redacted] our report was factual and did not take a position we had BOB clearance to submit our report to the Committee sending the BOB a copy. [redacted] commented that he was sure BEC would take an adverse position on this bill as would the BOB.

2. (Internal Use Only - GLC) Jim Hyde, BOB, called and said he was forwarding a copy of the final draft of the President's bill to establish a United States International Peace and Disarmament Agency. He said the Bureau desired any comments which we might have on this revised draft by close of business today. After reviewing the bill with Mr. Houston, I advised the Bureau that we had no further comment on the bill other than to note that the language of the revised draft seemed to strengthen the possible weaknesses involved in the coordination process as pointed out in Mr. Warner's comments on the previous draft. I also called the Bureau's attention to the fact that the bill contained no reparability of provisions section and that Section 41(g) providing for compensation for Advisory Board members did not exclude Government employees.

3. (Internal Use Only - GLC) Ted Crollie, Administrative Assistant to Senator Jacob K. Javits, called and said that a constituent had asked the Senator to verify the fact that [redacted] with whom he had had contact was a bona fide employee of CIA. After checking with [redacted] I informed Crollie that he was an Agency employee.
